

Donna M. Hensel, CPA
Candidate for Republican State Committee of Butler County

Education:

1. BSED in Mathematics, Slippery Rock University.
2. Accounting Certificate, University of Pittsburgh.

Qualifications:

1. Teacher in the Department of Mathematics, New Castle Area High School, New Castle PA.
2. CPA, McCrory & McDowell, Pittsburgh PA.
3. Butler County Public Accounting Business owner for many years.
4. Life-long Butler County Resident.

I became a candidate for the Republican State Committee of Butler County to do my part to help save the Liberty and Freedoms that I have enjoyed my entire life. Our country needs our help now more than ever.

I am not a politician, just a parent & grandparent concerned for the future of my children and grandchildren. I want them to have the same Freedoms, Liberties and Opportunities that I had growing up in this great country.

I am Pro-Life, Pro-Liberty, Pro-Freedom, Pro-American, Pro-1st & 2nd Amendment. I am also a Constitutional Conservative who supports Limited Government with emphasis on Local Control.

This is not about power and prestige, this is about helping to save our country from the current tyrannical administration that is doing everything in its power to destroy our Constitutional Republic.

As a CPA and business owner I have had to deal with government overreach. As a financial auditor I am trained to compare current data with prior year data and investigate anomalies. The 2020 election had many anomalies that need to be investigated fully not ignored or explained away.

As a Republican State Committeewoman, some of my priorities will be:

1. Restore Liberty & Freedom
2. Establish Secure, Honest Elections
3. Vet Republican Candidates
4. Promote Truly Conservative Republican Candidates
5. Recruit & Educate Voters

Please vote for Donna M. Hensel, #16 on the ballot for Republican State Committee of Butler County.

Thank you.

Donna M. Hensel
