Qualifications:

1. BSME University of Pittsburgh
2. Employed in the Manufacturing Sector in Butler County as a Mechanical Engineer since 1978.
3. Butler County Manufacturing Small Business owner for 37+ years.
4. Pennsylvania Native, 50+ Year Butler County Resident.
5. Witness to the economic devastation and doing my part to work to change it.

As a father and grandfather, I am greatly concerned for the future of the Country. So many candidates see pure opportunity and play “politics” to gain power. We can no longer afford those types, and every one of us needs to get involved to thwart their plans.

We have been mal-educated in economics and politics, and changes are way overdue. Some of the lessons I have learned have been the hard way. And I have a lot of experience i can put to use to help restrain government and let natural human activities bring about prosperity through Liberty.

I became a candidate for the Republican State Committee of Butler County to do my part to help insure the loss of Liberty is reversed. Our country needs firm action now more than ever!

I am not a politician, just a parent and grandparent concerned for the future of my children and grandchildren. I want them to have the same Freedoms, Liberties and Opportunities that I had growing up in this great country.

I am Pro-Life, Pro-Liberty, Pro-Freedom, Pro-American, Pro-1st & 2nd Amendment. I am a Constitutional Conservative who supports Limited Government with emphasis on Local Control.

This is not about power and prestige, this is about helping to save our country from the tyrannical administrations that are doing everything in their power to destroy our Constitutional Republic!

As an engineer and business owner, I have witnessed, and been on the receiving end, of tyrannical governmental overreach. The CLEAR, MASSIVE, fraudulent activities during the 2020 election must be investigated fully, and justice must be obtained!

As a Republican State Committeeman, some of my priorities will be:

1. Restore Liberty & Freedom
2. Establish Secure, Honest Elections
3. Recruit & Vet Republican Candidates
4. Promote Truly Conservative Republican Candidates
5. Recruit & Educate Voters

Please vote for Frederick W. Hensel, spot 9 on the ballot for Republican State Committee of Butler County.

Thank you.

Frederick W Hensel
